16.15	Departure at corner Damstraat & Spaarne. The cityguide will show us the location.

Adrian windmill

It is a smock mill, a wooden towered mill, built in 1778 on the foundations of an ancient defensive tower near the centre of the town. Owing to its scenic location on the Spaarne river and its great height De Adriaan was one of the most striking features of Haarlem for centuries until the dramatic end to its existence in 1932, when the windmill burnt to the ground. Through the efforts of many local citizens, De Adriaan has now been rebuilt. Seventy years after the fire Haarlem's skyline, dominated by the Bavo Church, once again includes spinning sails of De Adriaan. The sight of old Haarlem from the platform above the river is truly stunning and not to be missed.

Citywalk & lunch

After the coffeebreak we discover the city of Haarlem. The city-guide made especially for us a one-hour walk through the center. The guide shows us the places-to-be and talks about historical facts and buildings. Situated right at the heart of the historic city centre of Haarlem, overlooking the excluded garden of the 'Proveniers Hofje' and housed in a 15th century historic building lies Hofje Zonder Zorgen. They serve carefully selected biological products. After lunch, we continue the citywalk and discover more special places in Haarlem.
